Subject: Phosphorus status report

Philip and Cecile,

One of the requirements in the Bad River WWTP permit is to provide an annual report related to phosphorus. It is called a phosphorus operational evaluation report. Our records indicate that you have not submitted this report for 2 years. They are due by 1/31 of each year. Can you take a look at the permit requirement and put together a report for 2014 (due 2015) and 2015 (due 2016) and send my way. Let me know if you have questions.

John
